

Syllabus for course PRODUCT/BRAND MARKETING

Course title:	Product/brand marketing
Number of ECTS credits allocated:	6 (1 ECTS credit = 26 hours of workload)
Mode of delivery:	full-time; 2/2 (hours of lectures per week / hours of seminars per week) as semestral course
Mode of completion:	graded course
Prerequisites and co-requisites:	none

Aims of the course:

The course introduces students to the practical aspects of product/brand marketing and to the specific role of "product / brand manager" in the company. It demonstrates basic analytical, planning and management tools with which students may encounter in marketing practice. The main pillar of the course is a marketing plan, its use in brand management and its implementation in the strategic management of the company. Course also deals with different aspects of branding, such as brand architecture, brand identity, brand positioning and ATL and BTL activities linked to brand value creation.

Learning outcomes and competences:

Upon successful completion of this course, students will be able to:

- Understand the key aspects of the brand value creation
- Propose appropriate tools to ensure business growth of brands
- Propose appropriate segmentation and positioning, enabling the brand to maximize its profit potential.
- Explain how to maximize the synergy effect of branding in the long term and how to reflect the core values of the brand into the marketing mix.
- Explain what tools can be used to determine the price of a new product on the B2B and B2C markets and how to create innovative products.
- Understand the specifics of branding in different markets such as cosmetics, luxury, pharmaceuticals, groceries and many others
- Prepare an appropriate marketing plan
